

# ENGLISH SCHOOL

Language learning is a priority in our educational project.

## Language integrated learning

### BRIGHT FUTURES

PRE-PRIMARY

OXFORD  
UNIVERSITY PRESS

By doing experiments, pupils discover the world and learn english in a integrated way, emphasizing the importance of phonics.

It makes possible the development of multiple intelligences based on learning by doing.

Educational proposal from Oxford designed exclusively for our school.

ESO + EP

Erasmus+

### SAFA EXCHANGE

Educational exchanges between schools in Europe and linguistic immersion trips.

Our school participates in projects such as Etwinning and Erasmus+. It allows the students to develop their knowledge of languages in real-life situations.

### SPEAKERS ASSISTANTS

We welcome native American speakers who participate in classes.

- To promote the use of the language.
- To encourage oral comprehension and expression.
- To convey cultural values from their own countries.

PRIMARY and ESO

### CLIL (Content and language integrated learning)

Subjects are taught in English with dual-focussed aims:

- The learning of content.
- The simultaneous learning of the foreign language.

#### CLIL subjects:

- Science (PE & ESO)
- Arts&Crafts (PE & ESO)
- Computer Science (PE)
- Music (ESO)
- Physical Education (ESO)

Cambridge exams

We are a recognised examination centre of Cambridge exams. 100% of passing students backs us up.
